MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with Miss Fran Christy, House Immigration and
Naturalization Subcommittee staff, Regarding the [redacted]
[redacted] Case

1. Met with Miss Fran Christy who told me that there have been several telephone calls back and forth during the last two weeks to Mr. Troy Connor but as yet Mr. Connor had not talked to anyone on the staff concerning the [redacted] which is pending in the Senate.

2. Miss Christy called me later in the day and told me she had talked to Mr. Connor. The conversation was lengthy and difficult with Mr. Connor insisting that a bill is pending before the House Committee, is being tied up by Mr. Cline, Chief Counsel for the Committee, and that the Committee must handle this bill since [redacted] is no longer with [redacted] and needs his citizenship to find employment. Miss Christy closed the conversation by telling Mr. Connor that these are the exact reasons why the Committee could not approve such a bill. I thanked Miss Christy for the advice.
